

NORTH AND SOUTH LINE IS VANISHING

Premier Rutherford Appeals for the
Reclamation of Sectional Spirit
at Calgary Meeting.

Bulletin Special.
Calgary, March 6.—One of the most earnest and explicit statements that the premier of Alberta has yet delivered in the present campaign was made here last night at a well attended meeting in East Calgary. He gave an account of his stewardship as provincial treasurer and minister of education. He told how the revenues of the province have been expended, dealt in convincing manner with the non farmers on north and south question, explained how his railway policy will benefit every section of the province, and administered a crushing rebuke to those who have been trying to lead him where now existed.

The premier was listened to with rapt attention from start to finish. He said: "It is three and a half years ago that I addressed a Calgary audience in support of Mr. Cushing. Some people told me that Calgary would not elect him. I had more faith in the election of Calgary than that. You elected him then. I am glad to say that you will return him again. All right, growing in popularity, in wealth and importance and laudary to keeping peace with that growth."

No line between North and South.
The north and south line is vanishing. It only exists in the newspaper talk and you will hear very little of it in the future. I am very grateful to the citizens of Calgary for electing Mr. Cushing. We started business in the province as a result of his election without any experience whatsoever. It was great satisfaction to me that Mr. Cushing was elected as minister of public works. No man stood higher in the province as a straight forward man and one who was as high as his head. Then, the growth of confidence has been altered with regard to any one of his acts as minister of public works.

"Since we have been in office we have had a surplus every year and we have been able to pay off the debt of the province. We have not borrowed a single dollar since we took the reins of government."

The Premier finished in detail with figures, and then he turned to the north and south question. He gave the statistics of the province, and then he turned to the north and south question. He gave the statistics of the province, and then he turned to the north and south question.

LETHBRIDGE CONSTITUENCIES WELCOME TO HON. MR. CROSS

The Attorney General Received With Great Enthusiasm in His Meetings
at Raymond and Lethbridge. The Progressive Farmers of the South
Well Pleased With His Policy of Rutherford Government.
Addresses Delivered by Liberal Candidates.

Lethbridge, March 6.—Attorney General Cross had a busy evening, addressing two meetings, one in the afternoon at Raymond and the other in the evening at Lethbridge. The former meeting held in the Commercial Hotel, was attended by farmers at a radius of several miles. As agriculturists, the constituents are well pleased with the way they have been treated and speak optimistically of the future.

Mr. Cross met several leading merchants and farmers in the morning when inspecting the best sugar factory in the province and in almost every case great interest was evinced in the elections. Although several were greatly puzzled over the evident failure of the Conservatives to secure a majority, they were nevertheless well informed.

At night he addressed the police who are keen on the railway policy of the government, and at the same time Mr. Rivers, the candidate for the Lethbridge district. W. A. Buchanan, the candidate for Lethbridge, was also present. Attorney General Cross pointed out the important advantages of the railway to be built, which will give Raymond facilities practically equal to those of the other agricultural towns in the province. The audience listened with great interest and round of applause.

Mr. Rivers was the first speaker. In making for the support of the railway, he spoke in a convincing manner of the Rutherford administration. He said that the progress of the country since he had taken the reins of government in 1905 was a great one. In outlining the policy which gives Raymond three railroads, where other towns have only one, Mr. Rivers prophesied even greater progress for the next five years. He then outlined the Rutherford administration, and as far as Raymond itself is concerned, he is greatly satisfied. Mr. Rivers has no opposition.

W. A. Buchanan, in his speech, spoke highly of the Rutherford administration and of Mr. Rivers and also expounded to some extent the railway policy.

H. R. Young, a prominent merchant, brought up the Rutherford administration of the elections and the enthusiasm.

America Must Start the Procession
of Prosperity Says Charles
Parker, Tariff Agent.

London, March 6.—Charles Parker, special agent of the American Department of Commerce and Labor, who has been in Europe since last August gathering information upon which the Ways and Means Committee of the United States Congress has a report on the revision of the tariff, gives for the first time a statement concerning the result of his labors. Mr. Parker has visited Germany, Belgium, Holland, France, Austria and England, not only observing them from a standpoint of an expert, but taking particular care to obtain the attitude of foreign manufacturers toward the proposed changes in America.

Through my travels in Europe, he found that foreign manufacturers, irrespective of what they thought of the proposed changes, reflected the anxiety in their own countries, to reflect the anxiety in their own countries.
